

NEW PRODUCT ENHANCEMENT ANNOUNCEMENT

## **Tevron® Adds Full Support for Microsoft Windows 8.**

*CitraTest, CitraTest VU, and CitraTest APM are the only single license, integrated solutions for conducting application performance monitoring, functional, regression and latency testing for every enterprise application that is accessible from a Windows based machine.*

---

**Nashua, New Hampshire, March 1, 2012** – Tevron today announced the addition of support for Microsoft Windows 8 to its suite of ETE Monitoring & Testing solutions. Windows 8 delivers a brand new user interface, Windows to Go, Windows Store, Internet Explorer 10 and much more. With the latest releases of CitraTest, CitraTest APM, and CitraTest VU, Tevron again is taking the lead role in the ETE Monitoring & testing industry in providing support for every Windows environment including Windows 8 and every application that is accessible from a Windows machine. As companies across the world upgrade to the Windows 8 operating environment, Tevron's ETE Monitoring & testing solutions will continue to offer the industry lead for application monitoring, load testing, and general automation.
