**Tevron® Solutions Fully Support all Microsoft Dynamics Environments.**

*CitraTest, CitraTest VU, and CitraTest APM are the only single license, integrated solutions for conducting application performance monitoring, functional, regression and latency testing for every enterprise application that is accessible from a Windows based machine.*

---

**Nashua, New Hampshire, March 5, 2010** – Tevron today announced the addition of support for all Microsoft Dynamics environments to its suite of APM & Testing solutions.

Microsoft Dynamics is a line of familiar, adaptable enterprise resource planning (ERP) and customer relationship management (CRM) solutions designed to meet almost any business need and help people make important business decisions confidently. With the latest releases of CitraTest, CitraTest APM, and CitraTest VU, Tevron again is taking the lead role in the APM & testing industry in providing support for every Microsoft Dynamics environment. As companies across the world move towards Microsoft Dynamics, Tevron's APM & testing solutions will continue to offer the industry lead for application monitoring, load testing, and general automation for those deployments.

To learn more about Tevron's automated testing solutions or to request additional information, please call +1.702.518.7435 or visit <http://www.tevron.com>.
