Tevron® Solutions Fully Support all Cerner Applications (www.cerner.com).

CitraTest, CitraTest VU, and CitraTest APM are the only single license, integrated solutions for conducting application performance monitoring, functional, regression and latency testing for every enterprise application that is accessible from a Windows based machine.

Nashua, New Hampshire, May 6, 2010 – Tevron today announced the addition of support for all Cerner environments to its suite of APM & Testing solutions. Cerner is a global supplier of healthcare solutions. Working together with more than 8,000 clients worldwide, Cerner is solving healthcare's many challenges by making sure the right people have the right information at the right time. With the latest releases of CitraTest, CitraTest APM, and CitraTest VU, Tevron again is taking the lead role in the APM & testing industry in providing support for every Cerner application including Millennium, PowerWorks, LifeSciences, and more. As many medical groups, hospitals, pharmacies, and integrated healthcare organizations move towards Cerner, Tevron's APM & testing solutions will continue to offer the industry lead for application monitoring, load testing, and general automation for those critical deployments.

To learn more about Tevron's automated testing & monitoring solutions or to request additional information, please call +1.702.518.7435, email sales@tevron.com or visit <http://www.tevron.com>.
