

Leading Edge Healthcare Service Provider Selects Tevron for its Application Monitoring & Testing Requirements

CitraTest APM & CitraTest selected as the best of breed solution

Nashua, NH. USA - February 21, 2011 – Tevron, the leader in IT performance and availability monitoring & testing solutions, announced today that one of the leading health services companies that provides patients with a wide range of integrated health care services, including medical diagnosis and treatment, health education, self-care products, and services with over 8,000 employees, deployed CitraTest APM (<http://www.tevron.com/citratest-apm.asp>) & CitraTest (<http://www.tevron.com/citratest.asp>) across their US locations for the monitoring and testing of all of their mission critical business & medical applications.

Tevron was selected based on their powerful & flexible IT monitoring technology that fully supports every one of their very complex business applications (Epic, Web) and environments (Windows 7, Windows XP, RDP). Having one enterprise monitoring solution that intelligently supports every application is invaluable. Unlike the products from other vendors, Tevron offers a tightly integrated, simplified and scalable solution that meets the needs of their complex healthcare business and their ever changing technologies.

About Tevron (<http://www.tevron.com>)
