

International Diversified Health and Well-being Company Selects Tevron for its Automated Testing Requirements

CitraTest selected as the best of breed testing solution

Nashua, NH. USA - March 2, 2013 – Tevron, the leader in IT performance and end to end monitoring & testing solutions, announced today that a Global diversified Health and Well-being company, focused on improving people's lives through timely innovations, deployed CitraTest (<http://www.tevron.com/citratest.asp>) for their automated testing requirements. They are a world leader in healthcare, lifestyle and lighting with over 120,000 employees worldwide.

Tevron was selected based on their powerful & flexible testing technology that fully supports every one of their very complex applications and environments (Windows 7, Citrix XenApp, Citrix XenServer, Web, Thick Client). Having one enterprise testing solution that intelligently supports every application, every Windows operating system and every version of Citrix is invaluable and cost effective. Unlike the products from other vendors, Tevron offers a tightly integrated, simplified and scalable solution that proactively meets the testing needs of their ever changing technologies.

About Tevron (<http://www.tevron.com>)
